We believe All Saints Catholic school is a vital ministry of All Saints Catholic Parish. By providing an environment where Catholicism permeates all aspects of school life, we lay the foundation for potential leaders of the parish community. We encourage all school families to attend Mass and participate fully in parish life.

We believe families have the primary responsibility for the spiritual and academic education of their children. The teachers and staff of All Saints Catholic School support, enhance, and complement this role. We provide opportunities and expect families to be actively involved in education.

We believe in educating the whole person. Since we are all created in God's image and likeness, we value and honor the unique gifts and talents of each individual. Our classroom teachers and staff are dedicated to educating the whole child in mind, body, and spirit. In addition, we provide specialty classes that enhance the unique abilities of our students.

We believe Catholic education helps children grow knowledge and love of God. Through daily religious education, liturgical celebrations, and the integration of faith into the entire curriculum, our children are instilled with the values, heritage, and traditions of the Catholic Church. We provide sacred experiences which foster a relationship with the living God.

We believe in providing a superior academic education. We strive to help each child fulfill their potential in attaining academic excellence. By providing a challenging curriculum aligned with Idaho core standards, diocesan requirements, and accredited by the Western Catholic Educational Associations, we develop life-long learners who think critically, logically, and creatively.

We believe it is our Christian duty to serve our neighbors. In the spirit of the Sisters of St. Joseph of Carondelet, or founding order, we identify and work toward meeting the spiritual and physical needs of our "dear neighbor". "Whatever you do for the least of my brothers, you do unto me."-Matthew 25:40.

date in our FACTS portal. If you leave town and someone else is caring for your child, send the pertinent contact information to the school office.

If a child is kept out of school for three or more days, a doctor's release may be required for the student to return to class.

- Students may be considered for retention for absences of more than twenty (20) days during any one school year.
- At the beginning of each school year, the administrator may send an awareness letter to parents/guardians of students who missed fifteen (15) or more days the previous school year.

## DISCIPLINE POLICY

The true purpose of discipline is the training of self-control. Our goal of training leaders for today and tomorrow requires that the students learn the skills of handling conflict. We recognize that the school setting offers a unique opportunity for students to learn appropriate behavior, conflict management skills, and to develop self-control.

- Children need clear boundaries and effective consequences.
- Discipline problems are handled where and when they occur.
- Corporal punishment will not be employed by any staff member.
- A student may be removed from the situation if it is determined reasonable by the person in charge of the activity or event, teacher, or principal.
- Reasonable physical restraint may be used in self-defense to protect other personnel or students from possible injury or to restrain a disruptive student.
- When a problem escalates or is a major infraction of school rules the student's teacher, parents, and principal will work together to resolve the issue.
- An investigation and report of the incident(s) will be documented. Student and parent privacy will be respected in all situations.
- Students who make a threat may be required to undergo a threat assessment.

## MAJOR DISCIPLINARY OFFENSES

The following is a non-exhaustive list of prohibited behaviors, any of which may be grounds for suspension or expulsion:

- Disrupting school activities or willfully defying the authority of teachers, administrators, or other school personnel.
- Verbal or physical abuse of a teacher, administrator, or school personnel.
- Fighting or violent acts towards other students.
- Bullying with intention to cause fear and distress (including cyber bullying).
- Forging of notes or signatures, deliberate plagiarism/academic dishonesty.
- Theft or possession of stolen property.
- Possession, use, or distribution of any controlled substance or medication, illicit drug, look-alike drug, inhalant, alcohol/tobacco/drug paraphernalia
- Possession, use or sale of weapons, explosives, or ignitable devices of any kind are not allowed on the school and church campus or any school function off campus.
- Repeated failure to adhere to school rules.
- Defacing or destroying property.

**DESTRUCTION OR VANDALISM OF PROPERTY:** When school property is damaged or lost by a student, the student and/or the legal guardian shall be expected to pay for the damage. Examples: broken windows, vandalism, damaged textbooks, and technology equipment (Chromebooks, iPads, school cameras, computer mice, etc.). Fees are assessed at the end of the school year for damaged textbooks and technology equipment. Each teacher may set the fees for damaged books based on replacement costs. The Technology Coordinator will assess any damage to equipment and replacement costs will be billed accordingly. Students records and report cards will be held in the office until all fees are paid.

### WHEN A MAJOR OFFENCE OCCURS:

1. The teacher or staff member will notify the principal as soon as possible.
2. A report of the incident will be filled out by the person who witnessed the incident, and that report will be given to their teacher and principal for review and signature. This report will be kept on file for one year.

3. The parent(s) of involved students will be notified within 24 hours of the occurrence (weekends and holidays excepted). This notification will be documented.
  4. The principal or student's teacher may require that the parents of the student involved seek counseling (at the parent's expense) if their child's behavior continues.
- \*If the major offence involves a misuse of technology, the recipient should print a copy of the offending material immediately and report the incident to their teacher.

#### FIRST OFFENCE:

- The child may be immediately removed from the situation.
- Following the investigation of the event, appropriate skills will be taught, and actions taken to remedy the situation.
- Parents will be contacted.

#### SECOND OFFENCE:

- The student will be removed from the situation and their parent(s) will be called.
- The teacher and principal will schedule a conference with the parent(s) to review the problem.
- Since this major offence is a repeat behavior, the previous investigation will be continued.
- The student may be put on probation or suspension if the teacher and principal deem it appropriate.

#### THIRD OFFENCE:

- The student will be removed from the situation and their parent(s) will be called.
- The teacher and principal will schedule a conference with the parent(s) to review the problem.
- Since this major offence is a repeat behavior, the previous investigation will be continued.
- The student may be put on probation or suspension if the teacher and principal deem it appropriate.
- Probation, suspension, or expulsion will be initiated. In case of expulsion, the Pastor will be involved.

### DUE PROCESS FOR SUSPENSION/EXPULSION

Any student who has been suspended or expelled may request permission to be readmitted. A conference will be scheduled including the student, parent(s), principal, and Pastor before the decision for a re-admittance is made. If the grievance is not resolved through the informal conference, the student or parent(s) may present a written grievance to the Pastor. The decision of the Pastor will be final.

#### DEFINITIONS:

Probation- a set period of time given to the student to demonstrate appropriate behavior. During this time, the school administration may deem it necessary to require specialized professional care at the parent's expense as a condition for continued enrollment.

Suspension- exclusion of the student from school. At the end of the period of suspension, the student shall be readmitted to school if no further action has been taken.

In-House Suspension- the student will remain in school, though isolated from peers.

Emergency Suspension- an informal suspension in which the principal immediately removes the student from school without prior notice. This will be done when, in the judgment of the administration, the student's presence would pose a danger to persons or property.

Expulsion-if it is determined by the school administration that a student's continued presence in the school poses a continuing danger to persons or property and/or be an ongoing threat of disruption to the academic process, and/or be detrimental to the student's own welfare or the welfare of others, the student will be expelled from the school permanently.

## SECURITY CAMERAS

The footage obtained from the school's security cameras are the property of All Saints Catholic School; a subpoena is required to obtain access to video footage.

## UNIFORM DRESS CODE

PURPOSE: The dress code at All Saints Catholic School is to help provide a safe learning environment that emphasizes the dignity of each student as well as developing pride in the school and oneself. Uniforms allow students to focus on academics rather than dress. Students are reminded that whenever they are wearing their school uniform, they are representing All Saints. The school's dress code also serves to develop healthy attitudes regarding Christian modesty. Uniform supervision is first and foremost the responsibility of the parents/guardians. The administration and faculty will monitor student compliance with the dress code. Letters will be sent home for uniform violations. The administration reserves the right to determine the appropriateness of a student's general appearance and compliance with the code.
